

MD. Suhag Mia

Front End Developer (Intern)

mdshohagmia53200@gmail.com | 01731378743 | Jamalpur Sadar Upazila

CAREER OBJECTIVE

As a passionate and dedicated Front-end Developer, I am to contribute to dynamic web development projects using React.js and modern front-end tools. My goal is to build user-centric, responsive, and visually appealing interfaces while growing continuously in a collaborative environment.

WORK EXPERIENCE

Frontend Developer with React – Creative IT Institute (2024 – 2025)

- Completed hands-on training in modern web development
 - Developed multiple responsive websites using React.js, Tailwind CSS, and JavaScript
 - Implemented fake authentication, form validation, and user interaction features •
- Created reusable components, dark mode, and API integration
